

### ***What Can You Do?***

- The art is getting the children to think for themselves, and having them use their creativity (again without the ball)
  1. Ask a general question to the team, asking if one of the players can show you something that everyone can do
  2. Pick one of the children who volunteers and then say
  3. Wow Mary...that was great! Can you do it again so every can see what you did
  4. Have everyone try it
  5. That was great, can someone else show us something else that we can all do
  6. Depending on how many children you have, you can have them all take turns showing you something.
